To whom it may concern:

18th December 2025

Dear Sir/Madam:

I am currently professor of the Computer Science & Engineering Department at Universidad Carlos III de Madrid (UC3M). By this letter, as Head of the Planning and Learning Group (PLG), and Director of the Degree on Artificial Intelligence, I recommend the acceptation of Javier Martín Pizarro in the Master of Computer Science and Technology. I have known Javier as participant of the PLG group, where he is involved in different research activities in the areas of Machine Learning and optimization. He has a good academic profile, and is encouraged by his willing and enthusiasm in the study of Artificial Intelligence. During this time, he has demonstrated to be a good student and work mate, and I am sure that he will get benefit of the Master program.

Sincerely,

Fernando Fernández Rebollo
